CREATIVE

OUTPUT

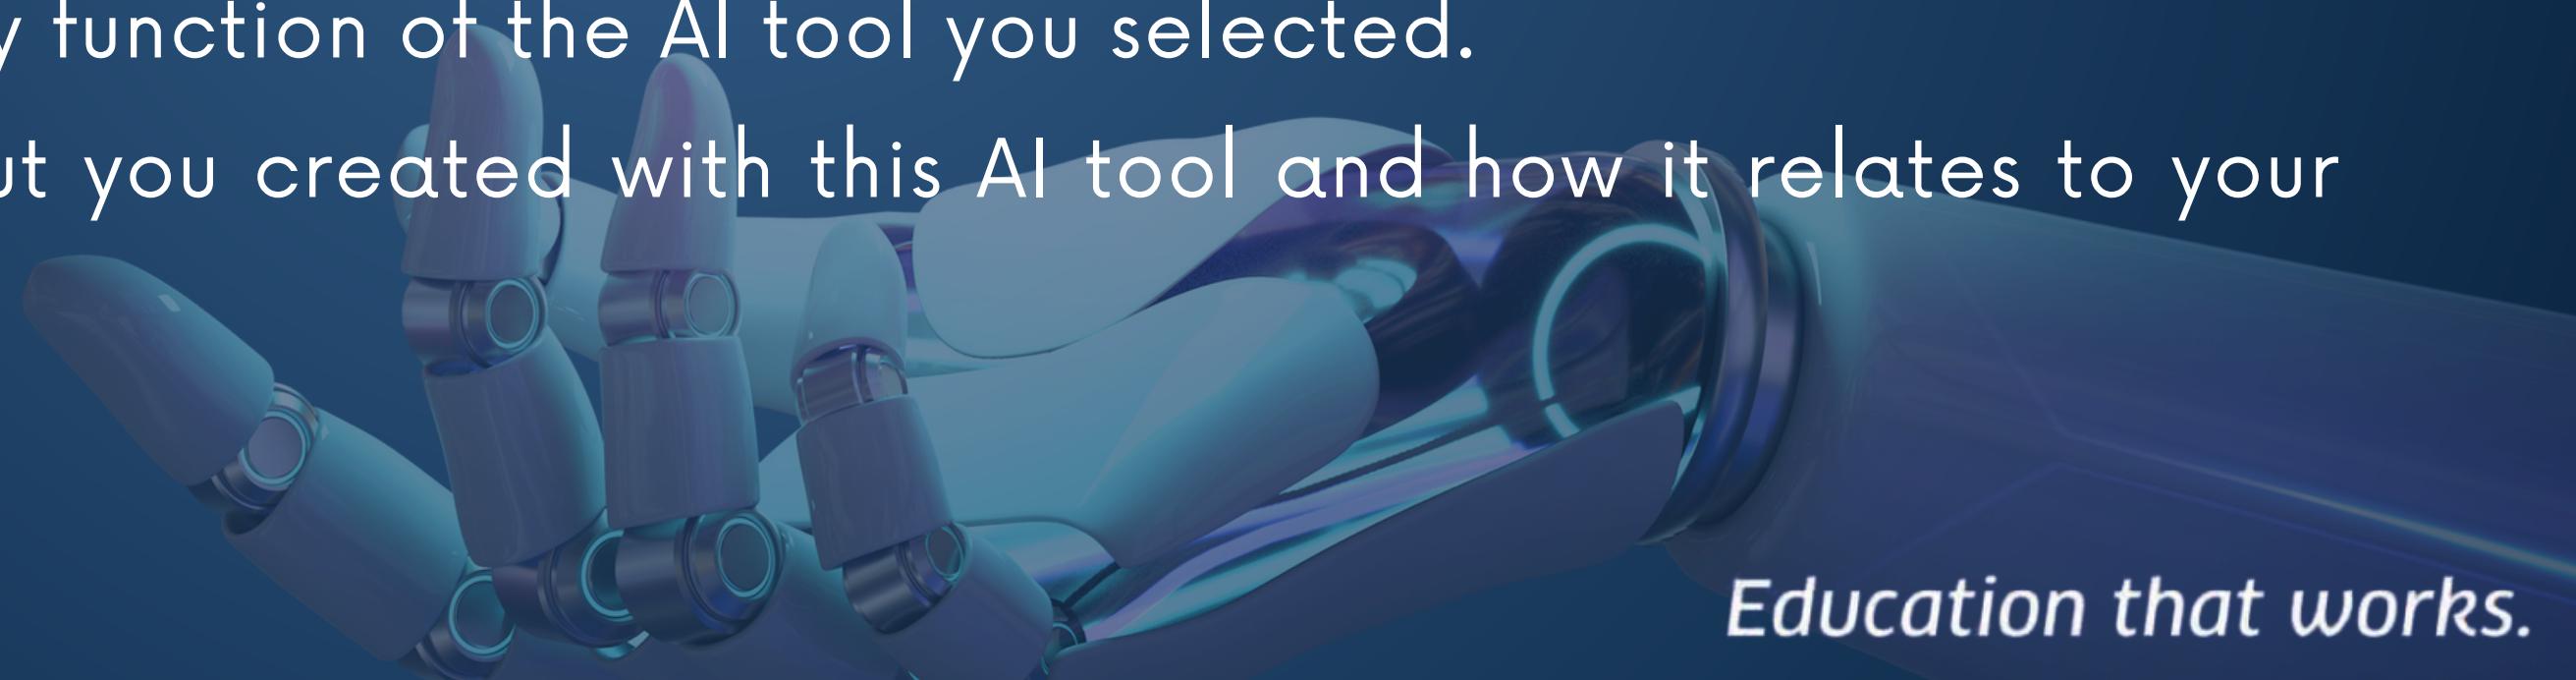

PERFORMANCE TASK (PETA) 3
IGE - SCIENCE & MATHEMATICS DEPARTMENT

PETA 3 (CREATIVE OUTPUT)

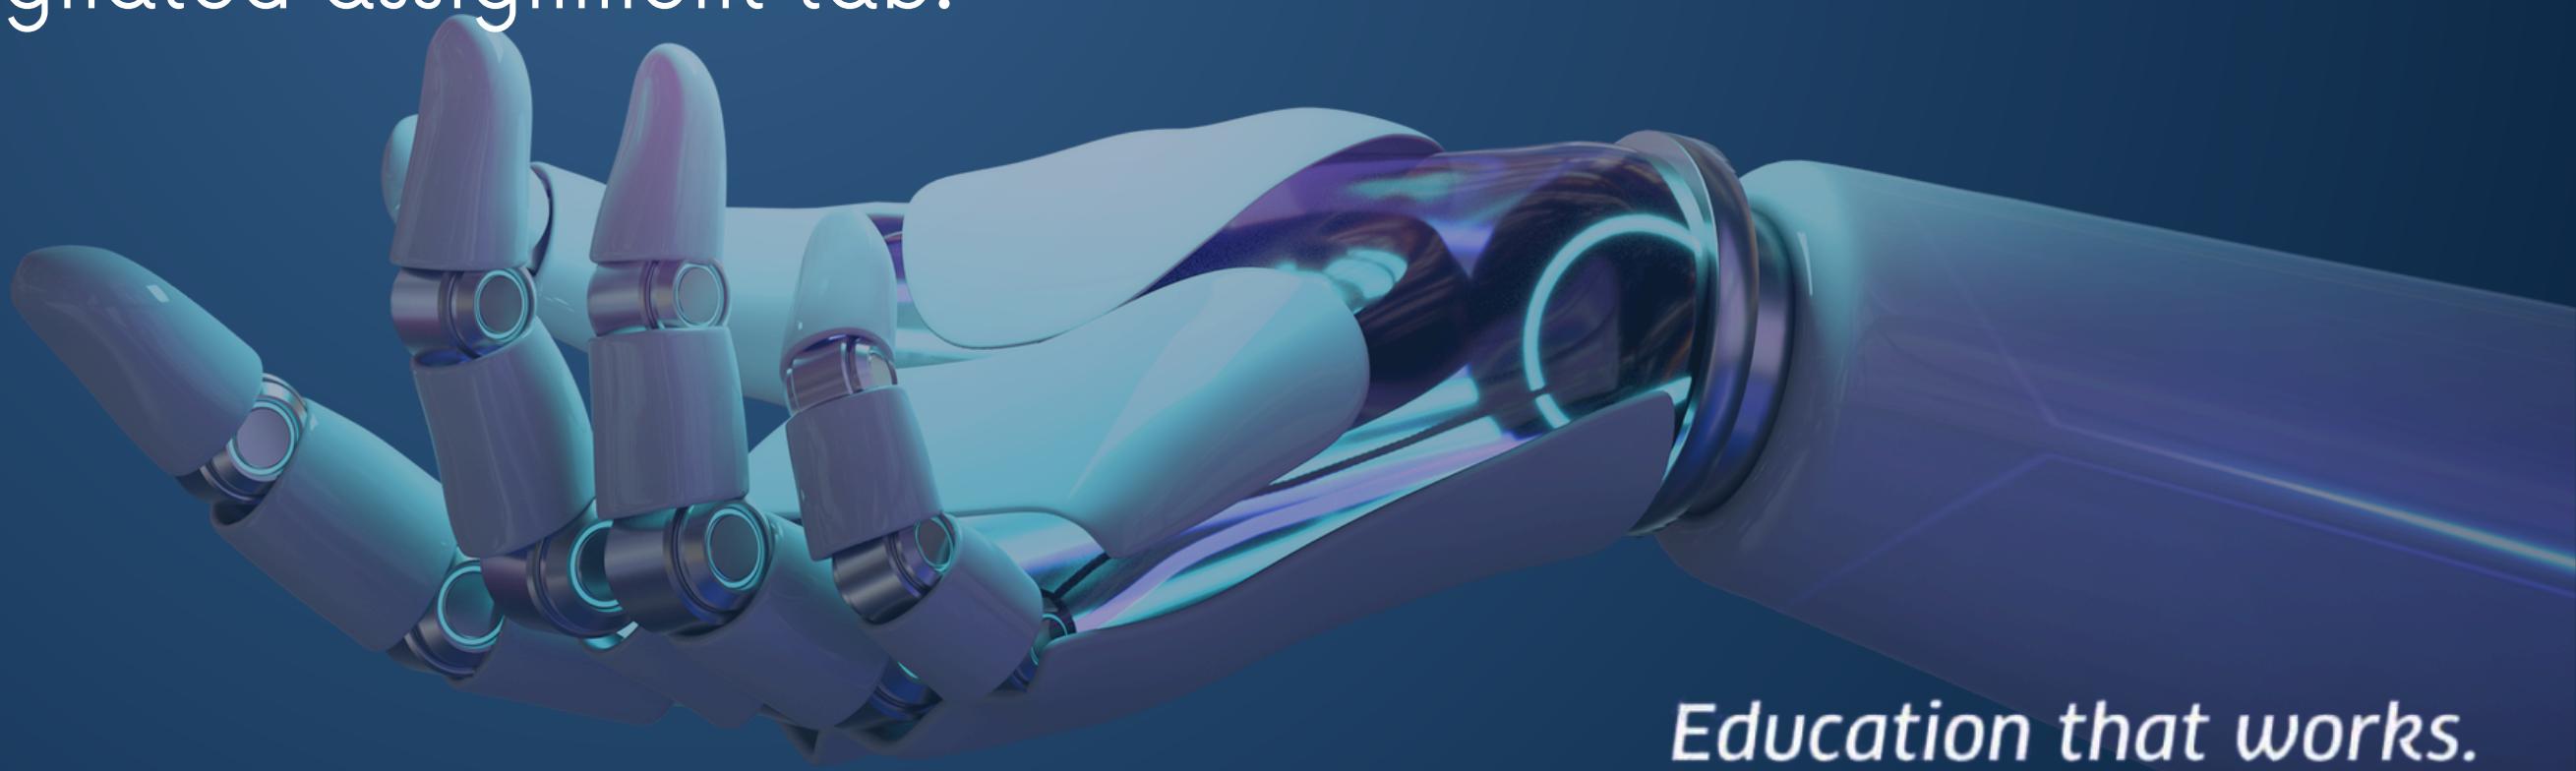

- 1. Research an AI Tool:** Identify an AI tool available online that was not covered in our discussions. Use the tool to create an output relevant to your degree program. For example, if you are studying Accountancy, select an AI tool that generates content or outputs related to the field of accountancy.
- 2. Create a 5-Minute Video Presentation:** In your video, provide the following information:
 - a. Explain the primary function of the AI tool you selected.
 - b. Describe the output you created with this AI tool and how it relates to your degree program.

PETA 3 (CREATIVE OUTPUT)

3. Record in lower resolutions so that the file is not heavy.
4. Upload your video to YouTube and set its privacy to "unlisted" to keep it private.
Alternatively, you can upload your video to any drive of your choice.
5. Once you have uploaded your video, ONLY the representative of the group will submit the link in the designated assignment tab.

RUBRIC FOR GRADING

Criterion	Excellent (5)	Very Good (4)	Good (3)	Fair (2)	Poor (1)
Usefulness	AI tool selected is highly relevant to the degree program.	AI tool is moderately relevant to the degree program.	AI tool selected is somewhat relevant to the degree program.	AI tool is minimally relevant or lacks clear connection to the degree program.	AI tool is not relevant to the degree program.
Adherence to Guidelines	Strict Adherence	Missed 1 guideline	Missed 2 guidelines	Missed 3 guidelines	Missed more than 3 guidelines
Relevance	Output is very relevant to Chapter 3	Output is mostly relevant to Chapter 3	Output is somewhat relevant to Chapter 3	Output is fairly relevant to Chapter 3	Output is poorly relevant to Chapter 3
Instructional Demonstration	Video is well-organized, informative, and easy to follow.	Video provides a good explanation of the AI tool's function.	Video explanation is somewhat clear but lacks depth.	Video lacks clarity and depth.	Video is disorganized and fails to explain the AI tool's function.
Promptness	+ Submitted on or before the deadline	< 15 mins late	15 mins to 60 mins late	1 hour to <3 hours late	>3 hours later
